

# The 5 best things we like about Cranbrook

1. Our friends all live closely.
2. Cranbrook is a small peaceful, pretty town.
3. The park and bull field is a good space for younger active children.
4. We have got clubs after school we can go to.
5. The windmill brings tourists to Cranbrook which brings money.

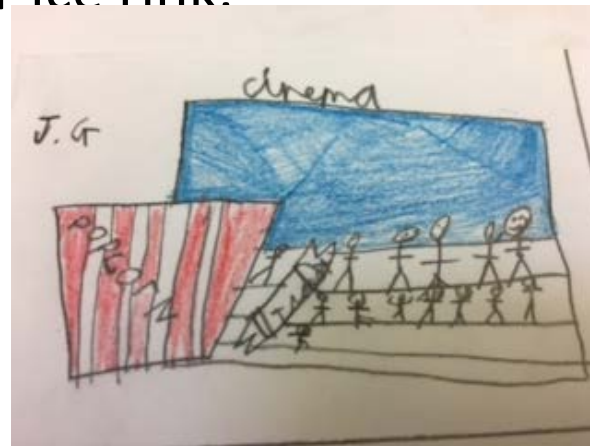

# 5 things we don't like about Cranbrook

- Some Pubs and restaurants are shutting down.
- Large groups of adults and teenagers use foul language, smoke and fight in groups.
- The community has little information for visitors and local people who live there. None of us meet up in an organised place.
- The roads aren't safe, people drive too quickly through the town.
- Drunks are intimidating to young people and parents especially when we walk around the town and go to the playing field.

# Things we would like to be developed in Cranbrook in the future.

- We want an improved bull field including a zip line, an assault course for older children and a play area for teenagers. We would also like a bigger skate park that is in view of adults.
- We would like a youth club with 3 sessions a week for all ages. This could be for 6-8 year olds, 9-13 year olds and 14-16 year olds.
- We would like a trampoline park or ice rink.
- More book and toy shops.
- A cinema
- We would like a GAME shop.

We would like to have a Youth Club in Cranbrook.

## A youth club could have:

- Pool Tables
- Table Tennis tables
- Film Nights
- Trips
- A café to hang out with our friends
- Games to play
- Different sessions for different ages.

# We would like to have a trampoline park or ice skating rink.

**Trampoline Park would be good for all ages.**

**An Ice rink would be fun and keep you fit.**

# We would like our playing field to have an assault course and better play area.

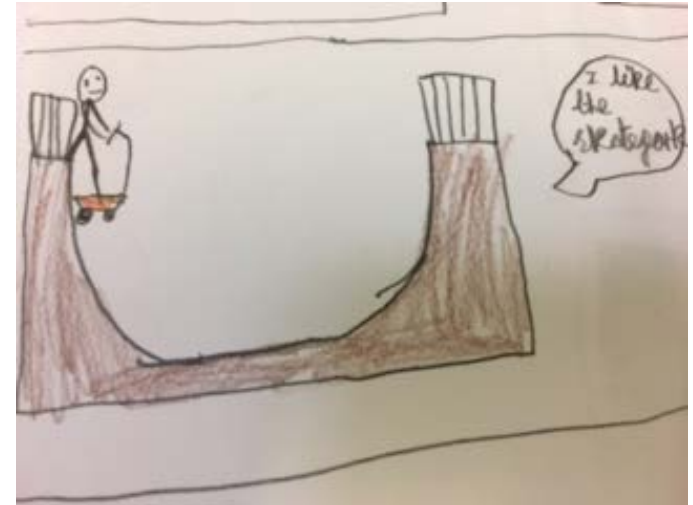

More equipment would mean more exercise.

A safe place to have fun for all children

Other children would want to come to play in Cranbrook.

WE COULD WALK HERE FROM SCHOOL AND USE IT WITH SCHOOL.

WE COULD HAVE SKATE COMPETITIONS.

We would like a bigger toy shop and a stationary/book shop.

**Book and Stationery shop**

**A toy shop that's not too expensive**

All of us love our games so we would like a Game shop that we can buy games and play them in the store.

- We could meet our friends and talk about games
- We could stay and play games while having a chat and a drink
- We could do a review board about games we have tried.
- We would like to have a party there for our birthdays.

# Facilities for other ages in Cranbrook

- We think it would be nice to have an O.A.P centre in Cranbrook and then the older people can meet up and have music days and dinner together to stop them being lonely.
- A boot camp for teenagers that are in trouble or naughty.
- Another supermarket for families to shop from as the Co-op is very expensive.
- An indoor soft play area for all the family and you can get a drink too.

# Our top 3 priorities:

- **Play Area** - We want an improved bull field including a zip line, an assault course for older children and a play area for teenagers. A bigger skate park that is in view of adults.
- **Youth Club** -We would like a youth club in the town that's run by adults ,3 sessions twice a week. Sessions could be for 6-8 year olds, 9-13 year olds and 14-16 year olds.
- **Game Shop** - We would like a GAME shop e.g. Xbox, PlayStation , games and electronical consoles and this could have a social area in to sit and socialise with our friends and get a hot chocolate and a cake.
